

Max Felchlin AG New Headquarters, Schwyz

Max Felchlin AG is a more than 100-year-old traditional company. With its 140 employees, it specialises in the production of premium chocolate. Its headquarters and production have always been in the Schwyz basin. All areas have now been brought together in Ibach SZ. In addition to production, administration and sales, the new headquarters includes development, the training centre Condorama for international specialists and a factory shop. The new building embodies the company's values and represents a commitment to its Swiss location. dany waldner ag accompanied Max Felchlin AG in the development process of their new headquarters, from the site appraisals to the opening of the new building.
