

Leimenstrasse 77, Basel

The townhouse, originally built in 1890, was completely renovated. The roof was extended to include a roof terrace. Two bathrooms were added, the kitchen modernised, the windows replaced and the electrics and plumbing renewed. Throughout the process an emphasis was laid on a sensitive approach to the original building structure.

The townhouse at Leimenstrasse 77 was selected by the Swiss Heritage Society for their publication "Switzerland's Most Beautiful Hotels".
